The implication is that contemporary unions are lasting longer than those of 10 years ago. Some of the most common crimes may be more 'feminine' than 'masculine'. It is only since the midth century and the dominance of European colonialism that love poems meant for males have been removed from Arabic poetry anthologies, and stories that mention male-male sex deleted from editions of the Arabian Nights. Iagree. The second reason, however, was that the employers saw women as a pliant and flexible workforce. The fastest-growing occupations throughout the s tended to contain disproportionately high numbers of women: sales assistants and receptionists,

education and health service workers, care assistants, welfare workers and nursery nurses. Why take the risk of putting yourself in the hands of a dominant partner, whose track record in self-assertion beats that of all women beneath Cleopatra and Catherine the Great on the social scale?
