VISUALIZING wyrefabivi.tk

Creating visual representations for math students can open up understanding. For me, I knew the moment I read this word problem to my fifth-grade summer school students: "On average, the sun's energy density reaching Earth's upper atmosphere is 1, watts per square meter.

The Power of Mathematical Visualization | The Great Courses Plus

It's really hard to put together and it doesn't hold itself up too well, but it's a nice little reminder that math works after all! Here's the PDF to print it.
