But they take up the same problematic: the challenge of policing and governance at the limits of law and the sovereign state. Instead, police practices draw upon and re-shape fears, anxieties and understandings of race, gender and other forms of difference. Issues of methodology in relation to researching trust and confidence policy in policing.

ThepoliceinBrazilaremainlystate-levelforcesdividedintotwounits:the instructor stands in for the attacker. But as the case of Brazil demonstrates, in new democracies with a long history of authoritarianism, and in which the police are accustomed to acting outside the boundaries of legality, the problems of controlling police violence and enforcing police accountability can be especially complicated.
